

Municipal Water License Annual Report

Hamlet of Aklavik

License #N3L3-0570

Reporting Year 2006

I started as the Senior Administrative Officer for the Hamlet of Aklavik in July 2006, and was not fully aware of the Hamlet's responsibilities for reporting as per the water license requirements.

Prior my start date the Hamlet of Aklavik experience a major flood in May 2006, and major cleanup of the community took most of June and July. There were many concerns regarding bears at the garbage dump so the Hamlet put out public notices regarding proper disposal. In August 2006 the Hamlet did a bit of work by hauling some dirt to the dump to start cleaning up the area.

Attached you will find the water consumption for part of 2006 and 2007 as this is all we have on file.
