ENVIRONMENTAL IMPACT SCREENING COMMITTEE

June 29, 2005

Submission Number: [06/05-11]

Joey Herrington
Environmental Geologist, Project Manager
IEG Environmental
PO Box 673
Yellowknife, NT
X1A 2N5

Dear Mr. Herrington:

RE: Tuktoyaktuk Sewage Discharge Assessment

During a meeting held June 27-29, 2005, the Environmental Impact Screening Committee (EISC) screened the above-noted project description. Based on the information provided, the EISC decided that the development will have no significant negative impact on the environment or Inuvialuit wildlife harvesting in the Inuvialuit Settlement Region [IFA Section 11.(17)(a)]. A copy of the decision has been attached.

Subject to a final decision by the licensing or permitting authority, the issuance of appropriate permits and approvals may proceed.

Submissions to the EISC must be received 30 days prior to a scheduled meeting in order to be placed on the agenda of that meeting as a screenable item. This allows time for the EISC to receive comments about the project from the appropriate Hunters' and Trappers' Committees and other interested parties. The EISC waived the 30-day requirement for the present submission. However, the EISC advises you not to consider this courtesy as a precedent.

**ENVIRONMENTAL IMPACT SCREENING COMMITTEE**

NAME OF PROPONENT: Inuvialuit Environmental Group (Herrington)

PROJECT DESCRIPTION: Tuktoyaktuk Sewage Discharge Assessment Hamlet of Tuktoyaktuk, NT 06/05-11

DECISION OF THE SCREENING PANEL (circled):

1. The development will have no such significant negative impact and may proceed without environmental impact assessment and review under the Inuvialuit Final Agreement. [IFA s. 11. (17) (a)]
2. The development if authorized subject to environmental terms and conditions recommended by the screening committee, will have no such significant negative impact and may proceed without environmental assessment and review under the Inuvialuit Final Agreement. [IFA s. 11(17)(b)]
3. The development could have significant negative environmental impact and is subject to assessment and review under the Inuvialuit Final Agreement. [IFA s. 11. (17) (c)]
4. The development proposal has deficiencies of a nature that warrant a termination of its consideration and the submission of another project description. [IFA s. 11. (17) (d)]

Signed on the 28th day of June 2005.

William Klassen, Chair

Catherine Cockney, GNWT Member

Alex Káglik, Inuvialuit Member

Randy Lamb, YTG Member

Billy Day, Inuvialuit Member

Johnny Lennie, Canada Member

Darren Nasogaluak, Inuvialuit Member

ENVIRONMENTAL IMPACT SCREENING COMMITTEE

The EISC would appreciate receiving a copy of any follow-up reports that may be produced as a result of this development.

Sincerely,

Christine Inglangasuk
Secretary
