**Subject: Municipal Water License N7L3-1531 Annual Reporting**

Dear Mrs. Carpenter,

On behalf of the Northwest Territories Water Board (NWTWB), I am writing to remind you that the annual report required in the terms and conditions of the Aklavik municipal water license was due on April 30<sup>th</sup>, 2011.

There is a template included with this letter that should provide some clarity as to what is expected in the annual report. I encourage you to use this template as a tool and a guide. Filling out this template will ensure that all of the information requirements for the municipal water license annual report are met. If your annual report is already in the process of being completed, please double-check that it includes the information outlined in the template. If you have any questions about the use or content of this template, please do not hesitate to contact me.

The NWTWB appreciated receiving your Spill Contingency Plan and trust that it has been updated as per a letter sent to you May 19, 2011. The Board is also anticipating a letter requesting an extension for the Sewage Treatment Plan, as per a recent phone conversation.

Sincerely,

Mike Harlow
