Dear Mr. Warren,

Re: Expiry of Water Licence N7L1-1762 (Camp Farewell)

This letter is to inform you that licence number N7L1-1762 for the use of water and deposition of wastes associated with Camp Farewell expired on June 30, 2011. Should Shell Canada Ltd's use of the facility exceed thresholds as described in Schedules IV-VIII of the *Northwest Territories Waters Regulations* a new water licence will be required. Please feel free to contact the Northwest Territories Water Board (NWTWB or Board) for more information on the water licensing process.

The NWTWB received Shell Canada's letter of June 28 requesting an extension of water licence N7L1-1762. The Board determined the request did not merit consideration.

Sincerely,

Original signed by M. Harlow
