Dear Ms. Aho:

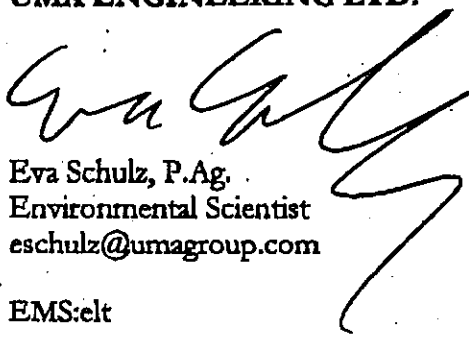

RE: Contingency Plan for PIN-M, Cape Parry (Licence N7L1-1784)

We received a letter for the Northwest Territories Water Board (NWTWB) dated June 11, 2002 approving the Contingency Plan for PIN-M, Cape Parry. As part of the Contingency Plan, the Board requested the following information by July 10: on-site telephone and facsimile numbers, e-mail addresses and the MSD Sheets and other information on hazardous materials. The contract for this work has not yet been awarded and the earliest a contractor would be able to mobilize to PIN-M is late July. Therefore, we are unable to provide the requested information by July 10. We will, however, provide this information as soon as the contractor mobilizes to PIN-M.

If you have any questions or comments, please feel free to contact the undersigned directly at 403-270-9220.

Sincerely,

UMA ENGINEERING LTD.
