Dear Mr. Warren:

Re: Approval of the Hazco Environmental Services, Unipkat I-22 Waste Management Plan

The Northwest Territories Water Board (the Board) Thank you for the submission of the "Hazco Environmental Services, Unipkat I-22 Waste Management Plan" (which include the Spill Contingency Plan), dated January 25, 2011 required under Part H Conditions 1 and 6 of your water licence. Upon review, the Board found that the "Hazco Environmental Services, Unipkat I-22 Waste Management Plan" is complete and comply with the requirement of your licence. Approval of the "Hazco Environmental Services, Unipkat I-22 Waste Management Plan" is hereby granted.

Please be informed that the contact information for Indian and Northern Affairs Canada (INAC), found in the "Off Site Resources" section should refer to the INAC North Mackenzie District office in Inuvik. The Phone number for this office is (867) 777-8900. The Board would like if you could ensure that R.D.R. Ventures, mentioned in the "Flat Tire Emergency Response" section, is still an active company. If this company is no longer active, you should make the appropriate amendment to the document.

Should amendment to the submitted "Hazco Environmental Services, Unipkat I-22 Waste Management Plan" be undertaken, please inform the Board as soon as possible.

Sincerely,

Eddie Dillon,
Chairperson
NWT Water Board
