Dear Mr. MacDonald:

**Project Title: Gunghi Creek Crossing Replacement**

**Proponent: Government of the Northwest Territories, Department of Infrastructure**

**RE: Amendment to a Development – Project Delay**

Thank you for your letter of February 21, 2020, in which you request an amendment to your previously screened file: namely 10-19-02

The Environmental Impact Screening Committee (EISC) reviewed the original file and your letter requesting the amendment. The EISC notes that this request is for an amendment to postpone the proposed scope of work for the Gunghi Creek crossing replacement. In the original Project Description, the project was to be completed by March 2020 but is now being postponed until Winter 2020/2021 during the same time period.

The EISC has determined that the requested amendment to EISC file 10-19-02 does not require any additional environmental impact screening, and has approved your amendment request.

All prior EISC recommendations and conditions regarding this project continue to apply.

If you have any questions regarding this decision, please don't hesitate to contact me directly at 1(867)777-2828, Extension 1014 or 1(867)620-0091.

Sincerely,

Michel Lindsay  
EISC Coordinator
