Re: N7L3-1619 2019 Annual Report

The following is a response to the request for additional information contained in your letter of April 2, 2020.

1. In regard to stations 1619-5 and 1619-6, there was no run-off observed, therefore no sampling was done and there was no data generated.
2. There was no staff yearly inspection conducted as such but staff checked the facilities regularly and carried out maintenance activities as required.

Yours truly,

John Holland
Senior Administrative Officer
