8. Studies requested by the Board

If the Board has requested that specific studies be completed or have asked for specific information be included in the annual report, include these details in this section. Include a summary of the study completed and the results. Include any attachments with the submission of the Annual Report. Include details of any upcoming studies that will be completed by the Hamlet. Include a copy or a summary of the studies completed.

9. Other Information

Include any other information here that may be valuable to the IWB or to GNWT. Include in this section non-compliance items identified in the Inspection reports and how the Hamlet is

addressing them. If there are any contaminated soil piles currently in use, please list the details of containment, remediation and progress in this section. Ongoing issues with compliance can be identified here. If the IWB is aware of ongoing problems with the licence, discussions can occur to find a resolution. Please include any other details of water use or waste disposal as requested by the IWB.

10. SNP data

A condition of the Water Licence is the Surveillance Network Program (SNP). The SNP outlines the sampling requirements and frequency at monitoring stations. *In table 4, insert the sites sampled this year and the sampling period (sampling date). Attach the complete Taiga laboratory results, with your "Municipal Water Licence Annual Report" to the Inuvialuit Water Board.*
