Subject: Camp Farewell - 2016 Decommissioning and Remediation Program

Hi Nicole

Can you clarify to the IWB as to why IEG on behalf of Shell Canada had to submit a project description to the EISC on April 26, 2016 for the 2016 Decommissioning and Remediation Program? The IWB was not copied on these documents. The IWB accepted and approved the 2015 Closure and Reclamation Plan. Was there any additional projects included in the 2016 Decommissioning and Remediation Program that is not approved in the 2015 Closure and Reclamation Plan.

Please clarify these discrepancies for the IWB. The information provided will assist the IWB in the processing of the water licence extension.

Thank you

Mardy
