Yellowknife NT X1A 2L9

Dear Mr. Ata:

Re: N5L1-1843 - GNWT Department of Infrastructure (INF) – Gunghi Creek Culvert Replacement Project - Environmental Management Plans - revised

The Inuvialuit Water Board (IWB) acknowledges receipt of the revisions of the following Environmental Management Plans submitted on behalf of GNWT INF by Allen Services & Contracting Ltd and Wood Environment & Infrastructure Solutions:

1. Erosion and Sediment Control Plan;
2. Wildlife Management Plan; and
3. Aquatic Effects Monitoring Plan (Fisheries Management Plan).

Upon review, it was determined that each of these revised plans meet the requirements of Water Licence N5L1-1843 Part B: General Conditions, Item 11. The IWB approves the revisions as submitted subject to the following provision as per Water Licence N5L1-1843:

- Part A: Scope and Definitions, Item 1c - Compliance with the terms and conditions of this Licence does not absolve the Licensee from responsibility for compliance with the requirements of all applicable federal, territorial and municipal legislation for which any and all applicable licences and permits shall also be obtained by the Licensee.

Should you have any questions or concerns please contact Mardy Semmler, Executive Director, at 867-678-8609 or semmlerm@inuvwb.ca.

Sincerely,

Richard Binder
Interim Chairperson
